C) **IoT** (IoT for energy sector, agriculture, smart city, Next generation IoT, IoT security, IoT devices/applications, Industrial IoT)

ABOUT THE INSTITUTE

Welcome to our Gokhale Education Society's R. H. Sapat College of Engineering, Management Studies and Research Nashik

"An institute with a difference"

Our college is committed to impart quality technical education with ingrained ethical values. We are committed to instill inquisitiveness amongst all students who can acquire the necessary technical knowledge and skills. By encouraging learning through enquiry, logic and developing a fearless attitude towards the fulfillment of curiosity. The vision of the institute is, "To produce world-class engineers for converting global challenges into opportunities through value embedded quality technical education." To achieve this, we are committed to develop this institute as a Centre of Academic excellence for higher learning in the fields of engineering and technology. All the efforts are focused towards the fulfillment of vision and mission. **The institute is NAAC accredited with B++ grade.**

ABOUT THE DEPARTMENT

Established in July 2010, department of E&TC Engineering is now eleven years old with 60 intake capacity. The department has always remained on the fore front in producing quality engineers who have brought great laurels to the institute, society and nation at large. The department offers excellent resources in the form of knowledgeable faculty, well equipped laboratories and a library having versatile collection of books. In 2014, the department has started Post Graduation program M.E. Electronics with a specialization in Digital Systems with an intake of 12 students. It helps students to get employed in Core electronics industries; IT enabled electronic services, giant automation sector and Navratna Companies of India. The department has maintained consistent placement repo of undergraduate and post graduate students in multi-national electronics and IT industries.
